

Lego Activity for Module B. Split the Young Leaders into groups of 5 and one person has the opportunity to read and act out the instructions for each activity.

### **Build a Train**

Tell your group to build a train and before they start, tell them they will need. 1 train base

1 carriage base

1 blue cab body with a yellow roof

2 red cab bodies with yellow roofs

1 funnel

1 cowcatcher

1 square yellow brick with 4 dimples

1 driver

2 passengers

### **Build a Zoo**

Tell your group to build a farm from the Duplo.

As they are building it encourage them by telling them which bits you like and offering suggestions about how the farm should look.

### Build Towers

Tell your group to put together three brick towers and they **must be assembled exactly like this**.

Using the square bricks build a tower with 16 bricks.

4 red, 4 blue, 4 green, 4 yellow in that order.

Red at the bottom

Using 8 dimple long bricks build a tower with 14 bricks.

Grey top and bottom, then three sets of blue, red, yellow and green in that order.

Using the square bricks build a tower using all the different shades in the bag.  
There are 11.

### Build Something

Tell your group to build something from the Duplo but say they must discuss the project and decide together what is going to be built.

It must be a group decision which includes you about what is to be built.

### Build Something

Tell your group to build something from the Duplo.

Don't tell them anything else or give them any instructions.
